Part 1: Policy Provisions

1 Introduction

1.1 About your International Protector Middle East + plan

This document sets out the **policy terms** and conditions for Life or Earlier Critical Illness Cover and Critical Illness Cover available through the International Protector Middle East + plan.

International Protector Middle East + is identified by a unique plan reference number and consists of one or more separate and independent **policies**. The plan reference number is displayed on your **policy schedule**.

Each **policy** is a legal contract between you and Friends Provident International Limited.

The completed application form, **policy conditions**, **policy schedule** and any **endorsement** issued by Friends Provident International Limited shall be deemed to be incorporated into each **policy**.

Please read the **policy conditions** and each **policy schedule** carefully. You should keep them in a safe place as they will be needed if you claim under your plan.

Throughout this document, purple text denotes policy exclusions.

An Arabic version of this document will be made available upon request.

In addition to your cancellation rights set out later in the **policy**, you can cancel your **policy** within 30 days from the day you receive notice from us of your cancellation rights and all contractual documents. These will be sent to you once your **policy** has been set up.

If you exercise this right to cancel your **policy**, we will refund your **premium**. We reserve the right to deduct any reasonable cost incurred for medical tests required for underwriting purposes, but if we do this, we will send you a receipt and your medical reports.

If you wish to cancel you should follow the instructions in the notice from us of your cancellation rights. Upon cancellation, the **policy** will terminate immediately.

The **policy** is issued in the Isle of Man.

1.2 What 'you', 'your', 'we', 'us' and 'our' mean

You and **your**
The **policyholder**

1.3 Definitions we use in this document

Various expressions used in this document are in **bold**. The meaning of each expression is shown opposite.

Accelerated premium

A **premium** that is paid during the **premium payment term** that allows the **sum assured** to remain in force until the end of the **pre-funded policy term**.

We may apply a discount to the **premium** that would otherwise apply had you not chosen the **accelerated premium** option. Where such a discount applies it is shown in your **policy schedule**.

Effective date of the policy

The date we show in a **policy schedule** from which **premiums** are payable. It may be before the **risk date**. We also use it to determine when **policy years** begin and the **policy term** ends.

Endorsement

Any document issued by us which alters the **policy conditions** or part(s) of the **policy conditions**.

Expiry date

The date we show in a **policy schedule** which is the latest date on which a **policy** can end. We work this out by adding the **policy term** to the **effective date of the policy**.

HIV: Human Immunodeficiency Virus

This is a viral infection caused by the Human Immunodeficiency Virus that gradually destroys the immune system.

Initial sum assured

This is the amount of cover you chose at the start of your decreasing cover **policy**, as shown in the **policy schedule**.

Life assured

This is a person whose life is covered by a **policy**. We show the life or lives assured for each **policy** in the **policy schedule**.

Policy

The legal contract detailed in a **policy schedule**, these **policy conditions** and any **endorsements** issued by us.

Policyholder

This is the owner or owners of a **policy**. The **policyholder** at outset is the applicant(s) shown in a **policy schedule** or trustees if the **policy** is written under trust.

Policy conditions

The terms and conditions set out in this document.

Policy schedule

The document that makes the **policy conditions** personal to you and sets out the cover we provide for each **policy**, what it costs and how long it lasts.

Policy term

The number of years from the **effective date of the policy** until the **expiry date**.

Policy year

A year starting on the **effective date of the policy** or its anniversary.

Pre-funded policy term

A proportion of the **policy term** during which the **policy** remains in force by reference to the payment of an **accelerated premium**.

For example: A 30 year **policy term** with a 10 year **premium payment term** will have a **pre-funded policy term** of:

- three months in the case of a monthly **premium**
- three years in the case of an annual **premium**.

Premium

The amount we show in a **policy schedule** that you must pay to us throughout the **premium payment term**.

Premium payment term

The total period over which you must pay the **premium**. This is displayed in your **policy schedule**.

Premium review date

The date on which any change to your **policy** as a result of a **premium** review will take effect. This will normally be the 5th anniversary of the **effective date of the policy** and every 5 years on the anniversary of the **effective date of the policy** thereafter.

Renewal dates

The dates we show in a **policy schedule** on which you must pay us the **premium**.

Risk date

The date we show in a **policy schedule** when your cover and benefits actually start.

Sum assured

The amount we show in a **policy schedule** which is the amount we will pay in the event of a claim under the **policy** being admitted by us. The actual **sum assured** of your **policy** at any point during the **policy term** may differ from the amount shown in the **policy schedule** as a result of any of the following (where applicable):

- Any request you make to us to reduce your **sum assured**;
- **Premium** reviews (condition 3.2 of this booklet);
- If your **policy** is a decreasing cover **policy** (conditions 4.3, 6.4 and 8 of this booklet).

2 Start and end of cover

2.1 Start of cover

Cover starts under a **policy** on its **risk date**.

2.2 End of cover

2.2.1 Subject to condition 2.2.2:

Life Cover will end on the **expiry date**.

Terminal Illness Benefit will end 18 months before the **expiry date**.

Critical Illness and Disability Benefit will end on the **expiry date** or on the **life assured's** 70th birthday if earlier.

Parts of Critical Illness and Disability Benefit will end earlier. Under condition 6.6 these are:

- Alzheimer's disease or dementia before age 65
- Chronic organic brain disease before age 65
- Impairment of daily activities through **permanent** disability before age 65
- Parkinson's disease before age 65

Children's Critical Illness and Disability Benefit will end on the earlier of:

- the **expiry date**, or;
- the **life assured's** 70th birthday, or;
- the **child's** 18th birthday, or;
- the third claim made under this benefit

2.2.2 All cover under a **policy** will end earlier if:

- you do not pay a **premium** (condition 3.3);
- you stop a **policy** (condition 1.1 and condition 10);
- we exercise our right to cancel a **policy** (condition 11);

- we cancel a **policy** due to misstated age (condition 14.5.2);
- 'Life or Earlier Critical Illness Cover – Level' or 'Life or Earlier Critical Illness Cover – Decreasing' are shown in the **policy schedule** and a **life assured** dies;
- 'Critical Illness Cover – Level' and two lives assured are shown in the **policy schedule** and both lives assured die;
- we agree to pay a claim for any benefit that pays the **sum assured** of the **policy**.

3 Premiums

3.1 Payment of premiums

- 3.1.1 **Premiums** are payable as shown in your **policy schedule**.
- 3.1.2 The **premium payment term** is shown in your **policy schedule**. Once selected, your **premium payment term** cannot be changed.
- 3.1.3 Annual **premiums** are due on the **effective date of the policy** and on the **renewal date** after that. Monthly **premiums** are due monthly commencing on the **effective date of the policy**. One calendar month is given for payment of **premiums**.

3.2 Premium reviews

3.2.1 We may change the amount of **premium** under the **policy** on any **premium review date**.

3.2.2 The **premium review dates** will be:

- the fifth anniversary of the **effective date of the policy**, and then
- every 5 years, on the anniversary of the **effective date of the policy**, after that.

If **premiums** are unpaid at a **premium review date** and your cover is later restarted under condition 3.3, we will review the **premium** on the date the cover restarts. The **premium** review will be effective from the **premium review date**.

3.2.3 **Premium** reviews will take into account our view of the following assumptions:

- future claims;
- future investment returns on **premium** income;
- the number of **policyholders** who stop their policies early;
- inflation;

- taxation;
- legislation;
- the amount of money we are required to hold as financial reserves which we set aside for future claims; and
- the amount of money we are required to pay to reinsurance companies, who we share the cost of providing cover and settling claims with, in respect of the assumptions shown in this condition.

3.2.4 At each review, we will compare our view of the assumptions at the time of the review with our view of assumptions at the previous review (or at the **effective date of the policy** if there has not been a previous review). When making the comparison, we will use a fair and reasonable method of calculating any change in **premium**.

Following the review, we may decide that a higher or lower **premium** will be needed to keep the same **sum assured**.

Any change in **premium** will not depend on a **life assured's** individual circumstances, such as their health, at the time of a review.

3.2.5 Advising you of any changes

We will advise you if it is necessary to change the amount of **premium** at least 30 days before the **premium review date** but no later than 14 days before the **premium review date**. If it is necessary to increase the **premium** to keep the current **sum assured**, we will also tell you the amount of the **sum assured** we could offer if you continue to pay the current **premium**.

3.2.6 Carrying out changes

The amount of **premium** will be changed to the amount needed to keep the current **sum assured** with effect from the **premium review date** unless:

- the **premium** is to be increased; and
- we receive a written request from you, at least 14 days before the **premium review date**, to keep the current **premium** and reduce the **sum assured**.

You will need to change your payment to us to ensure the required level of **premium** is being paid. If you do not change your payment to us and the required level of **premium** remains unpaid after one calendar month, subject to 3.3 on the next page, the **policy** will immediately end.

3.3 Non-payment of premiums

- 3.3.1 Subject to condition 3.3.2 if any **premium** stays unpaid one calendar month after its **renewal date**, the **policy** will immediately end.
- 3.3.2 Where you have chosen the **accelerated premium** option, if any **accelerated premium** stays unpaid one calendar month after its **renewal date**, the **policy** will end at the end of the **pre-funded policy term**.
- 3.3.3 If the **policy** ends for this reason, you can apply to us within the following 6 months to restart the **policy**. We will need satisfactory evidence of the **life assured's** state of health and any other factors affecting the insurance risk. We will write to tell you if we can restart the **policy**. If we decide to offer the **policy** on different terms to those we originally offered, which may include an increase in **premiums** and/or an exclusion, we will need to receive your signed acceptance of those terms before we restart the **policy**.
- To restart the **policy**, you must also pay all unpaid **premiums**.
- 3.3.4 If **premiums** are unpaid at a **premium review date** (as defined in condition 3.2.2) we will review the level of the **premium** (as detailed in condition 3.2.4) before we restart the **policy**. The **premium review** will be effective from the **premium review date**. We will advise you of any change in **premium** before restarting the **policy**.

4.2.2 If following a **premium review**, as defined in condition 3.2:

- we advise you of an increase in **premium** as a result of the review; and
- you choose to continue paying the previous amount;

then the **sum assured** will be reduced proportionately.

We will send a confirmation letter to you telling you the amount of the reduced **sum assured**.

If we pay the **sum assured** the **policy** will end and no other benefit will be payable under that **policy**.

6 Critical Illness and Disability Benefit

6.1 Definitions which apply to Critical Illness and Disability Benefit

6.1.1 If we name two lives assured in the **policy schedule** then **life assured** means the first of them to be diagnosed with or suffering from a **critical illness** or **disability**.

6.1.2 **Critical illness** or **disability** means one of the conditions set out in condition 6.6. We will not treat any other medical condition as a **critical illness** or **disability**.

- the **policy** has not ended for any other reason
- the **critical illness** or **disability** being claimed for is not one for which we limit cover to age 65. See condition 2.2.1; and
- if we show 'Critical Illness Cover - Level' in the **policy schedule**, the **life assured** survives for 28 days after the diagnosis.

6.2.2 Exclusions

You will have no right to benefit if a Critical Illness and Disability Benefit claim is directly or indirectly due to any of the following:

6.3.2 If following a **premium** review, as defined in condition 3.2:

- we advise you of an increase to your **premium** as a result of the review; and

- on or before the **expiry date**; or

12 Appointment of a third party as payee

- 12.1 Any appointment of a third party or parties as **Payee** may be made in respect of Life Cover benefits by the **policyholder** at any time prior to the death of the **life assured**, save that such an appointment shall be of no effect and shall be deemed not to have been made, if the **policyholder** dies (or where there are joint **policyholders**, any one of the **policyholders** dies) within two days of making that appointment. For the avoidance of doubt, any such appointment shall have no such effect on Terminal Illness Benefit or Critical Illness and Disability Benefit, the benefits of which will be reserved for the **policyholder** or on Children's Critical Illness and Disability Benefit, the benefits of which will be reserved for the parent or legal guardian of the **child**, who is also a **life assured**.
- 12.2 Any appointment of a third party or parties as **Payee** shall only be accepted by us on receipt of a completed Appointment of Third Party as Payee form, which is available on request.
- 12.3 Having appointed a third party as **Payee**, the **policyholder** may also make subsequent appointments subject to the conditions set out in conditions 12.1 and 12.2 above. Any such subsequent and valid appointment will have the effect of revoking all previous appointments.
- 12.4 Any appointment of a third party or parties as **Payee** may be revoked by the **policyholder** at any time prior to the death of the **life assured**; save that such a revocation shall be of no effect, and shall be deemed not to have been made, if the **policyholder** dies (or where there are joint **policyholders**, any one of the **policyholders** dies) within two days of making that revocation.
- 12.5 Such revocation and appointment of a third party or parties as **Payee** shall only be accepted by us on receipt of a completed Appointment of Third Party as Payee form, which is available on request.
- 12.6 Where the **policy** is held in joint names the form of appointment of **Payee** or the form of revocation must be signed by all joint **policyholders** otherwise it will not be valid.
- 12.7 The appointment of a third party as **Payee** will not affect the **policyholder's** ability to assign, surrender or otherwise dispose of the **policy** prior to the death of the **life assured**, save that any assignment, surrender or other disposal shall be of no effect and shall be deemed not to have been made, if the **policyholder** dies (or where there are joint **policyholders**, any one of the **policyholders** dies) within two days of making that assignment, surrender or disposal.
- 12.8 For the avoidance of doubt, if the **policyholder** dies within two days of making any appointment of **Payee**, any revocation thereof, or any assignment, surrender or other disposal of the **policy** (whether made as a sole or joint **policyholder**) such appointment, revocation, assignment, surrender or other disposal shall be deemed to be of no effect and the benefit payable on death shall be payable as if the same had not been made.
- 12.9 The appointment of a Third Party as **Payee** is only applicable to the Life Cover. Accordingly, the death of a sole **policyholder** or the death of the survivor of joint **policyholders**, where that death does not also constitute the death of the **life assured**, shall constitute an immediate revocation of any appointment of any third party as **Payee**.
- 12.10 Without prejudice to the **policyholder's** rights to revoke an appointment of **Payee**, the death of a **Payee** prior to the death of the **life assured** shall itself not constitute a revocation of appointment, nor affect the entitlement of the **Payee's** successors to the benefit payable on death.
- 12.11 The **Payee**, if the **Payee** is a third party, shall have rights of enforcement of the **policy** following the death of the **life assured**; but otherwise all rights of third parties shall be excluded, and the consent of the **Payee** or any other third party shall not be required, for any variation or rescission to be made to the **policy** or for the making of any appointment of **Payee** or any revocation by whatever other means of an appointment of **Payee**.

13 Governing law and jurisdiction

- 13.1 This **policy** is governed by the laws of the United Arab Emirates and all disputes relating to this **policy** shall be subject to the jurisdiction of the courts of the United Arab Emirates, except as otherwise expressly agreed by the parties in writing.
- 13.2 All benefits payable under the **policy** are payable at our Registered Office (see condition 14.7.2).

14 General

14.1 Assignments

If you transfer your rights under a **policy**, you should send any notices of assignments to our Registered Office (see condition 14.7.2).

14.2 Changes in regulatory or legislative environment

14.2.1 If our appointed actuary reasonably believes changes in regulation, legislation, taxation or the imposition of a statutory levy, mean we cannot continue to administer the **policy** as set out in the **policy** documents without adversely affecting ourselves or the interests of our **policyholders**, we will make such changes to the **policy** as are necessary to put us and our **policyholders** in the financial position they would have been in, but for the change or the levy. We will contact you and inform you of any change.

14.2.2 In the event of any **premium** tax or withholding tax being levied in the **policyholder's** country of residence it will be the **policyholder's** responsibility to increase the regular **premium** by an amount equal to the liability or to settle the liability directly with the relevant tax authorities.

Should the extra **premium** not be paid, we reserve the right to pay it out of the **premiums** received and to reduce the benefits of the **policy** accordingly.

14.3 Payments and interest

14.3.1 Except for Children's Critical Illness and Disability Benefit, we will refund all **premiums** paid under the **policy** since the date of death or diagnosis of an eligible **permanent** disability, **terminal illness** or **critical illness** covered under the **policy**.

Where your **premium** is payable annually or where you have chosen the **accelerated premium** option and there is one or more full calendar quarters outstanding from the date of death or diagnosis of an eligible **permanent** disability, **terminal illness** or **critical illness** covered under the **policy**, the **premium** or **accelerated premium** will be divided into quarters and a refund will be paid of the number of full calendar quarters outstanding.

14.3.2 We will apply interest to a benefit payment if the payment of a claim is delayed by more than 30 days from the date we receive evidence that satisfies us the claim is valid. Interest will accrue daily from the 31st day after such date.

14.3.3 The amount of interest will depend on the interest rates we are using at the time. We will not pay interest if it is below our minimum payment. Details of our current interest rate and minimum payment will be available on request.

14.4 Events or circumstances beyond our control

We will not be liable to pay you, or any other person, any compensation for loss caused by events or circumstances beyond our control. This includes loss caused by any delay in carrying out our obligations caused by restrictions imposed on us by law or regulation.

14.5 Proof of age and incorrect date of birth of the life assured

14.5.1 Before paying any claim we must receive proof that the date of birth of the **life assured** given in the application is correct. This information is important for us to establish if we would have offered terms under the **policy** or not.

14.5.2 If a **life assured's** actual age differs from the age stated in the application, but we would not have offered terms based on the correct age, we will cancel the **policy** from outset and refund any **premiums** paid without interest.

14.5.3 If a **life assured's** actual age differs from the age stated in the application, but we would still have offered terms based on the correct age, the **policy** will remain valid and we will adjust the benefits and/or **premium** payable under the **policy** to what we would have offered had we known their correct age from the start.

14.5.4 If a **policy** remains valid as per condition 14.5.3, but the correct age of a **life assured** has resulted in an overpayment of **premiums**, we will refund any overpayment without interest.

14.5.5 If a **policy** remains valid as per condition 14.5.3, but the correct age of a **life assured** has resulted in an underpayment of **premiums**, we will reduce the **sum assured** to reflect the actual **premium** that has been paid.

14.6 Severability

If any condition of the **policy** (or part of a condition) is invalid or unenforceable to any extent or purpose, this will not affect the validity or enforceability for other purposes of the remaining conditions. The condition shall be deemed to be severed subject to any consequential amendments which may be necessary.

14.7 Sending instructions to us

14.7.1 You may instruct us by letter, fax or electronic mail. We may request that you confirm any instructions by letter, but we may act upon instructions which we reasonably believe are valid. We reserve the right not to act upon any instructions until we have received confirmation by letter; although, lack of any such confirmation will not invalidate any instructions which we have already acted upon. We shall not be required to act upon any instructions where we reasonably believe such action may involve any party in breach of law, rule or legislation.
