# Log in or register

• Log in or register for a FPI Portal account by clicking the **Online Services** button on the home page on our website **www.fpinternational.com** 

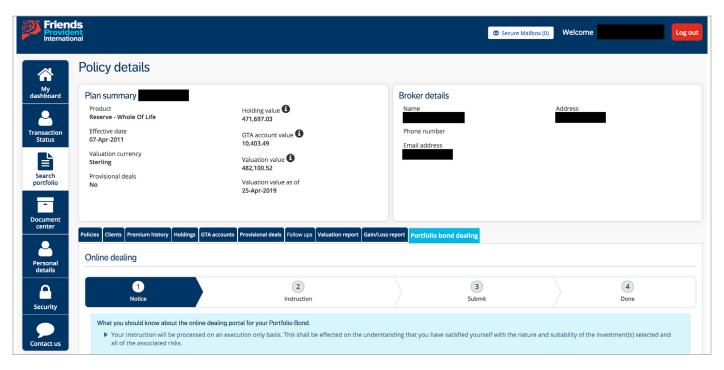

• Enter your user name, password and the one time password (OTP) received on your mobile device.

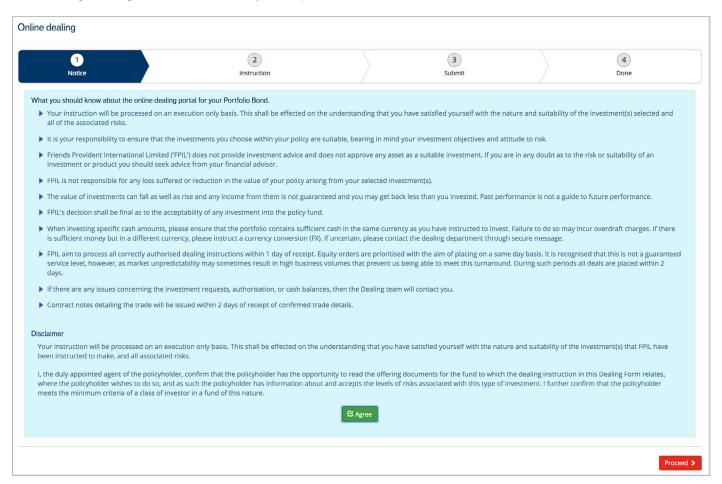

#### Portfolio bond dealing notice

- Select the policy that you want to create the instruction on.
- Select the Portfolio bond dealing tab and review the important notice wording.

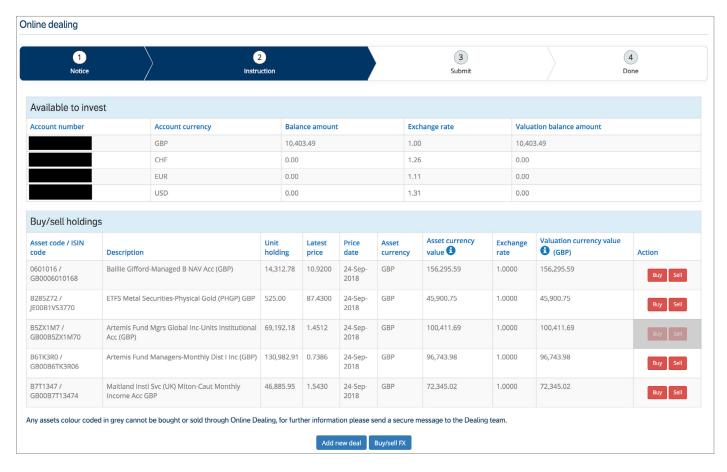

Clicking the Agree button allows you to proceed to the next section.

# Portfolio bond dealing instructions

- The next screen displays your general transaction account (GTA) balances and a breakdown of your holdings.
- Any assets that are greyed out cannot be purchased or sold because they are suspended, or not available
  for online dealing.

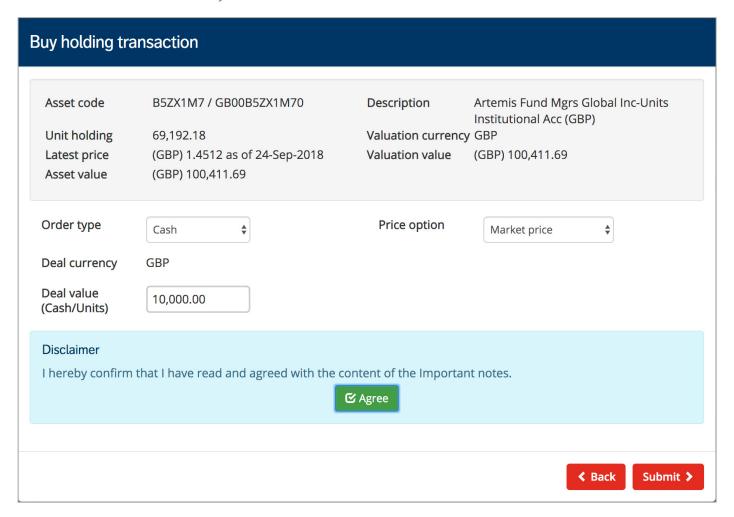

#### Buy an existing asset

- To place a purchase order for an existing asset, select the Buy option which will present you with the
  order screen.
- You can place a buy order as Cash or Units.

Buy/sell holdings

- The **Price Option** allows market orders for funds, and market or limit orders for assets traded through a Stockbroker.
- When you have input the order, click the Agree button and then click Submit.
- The order will be added to your basket.

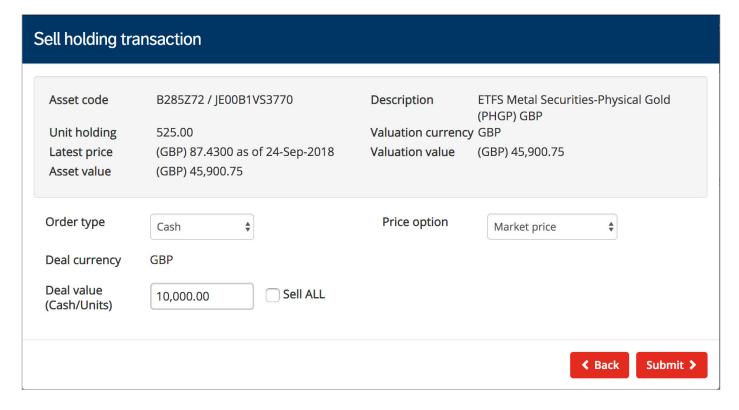

#### Sell an existing asset

- To place a sale order for an existing asset, select the **Sell** option which will take you to the order screen.
- The latest unit holding will be shown, along with the latest price and asset value.
- · NB. The price quoted is indicative only, and not a guaranteed value.

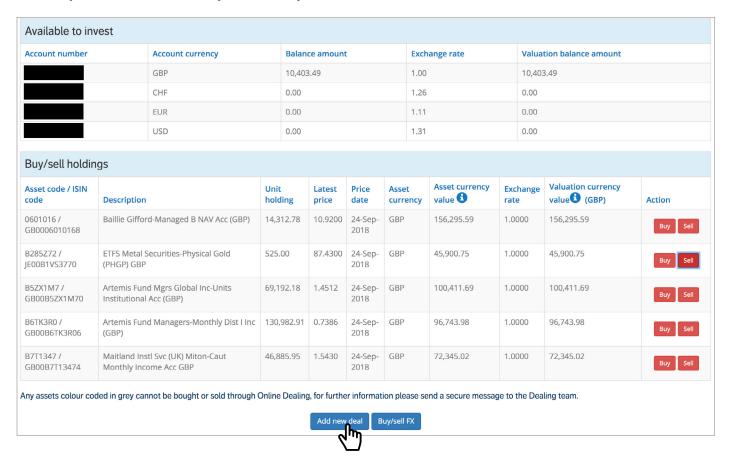

Buy/sell holdings									
Asset code /	Description	Unit holding	Latest price	Price date	Asset currency	Asset currency value 1	Exchange rate	Valuation currency value (GBP)	Action
0601016 / GB0006010168	Baillie Gifford-Managed B NAV Acc (GBP)	14,312.78	10.9200	24- Sep- 2018	GBP	156,295.59	1.0000	156,295.59	Buy Sell

- Sale orders can be instructed as Cash, Units or Sell All.
- The **Price Option** allows market orders for funds, and market or limit orders for assets traded through a Stockbroker.
- The system prevents you from selling over 100% of the holding or cash value of the asset.
- When you have input your sale order, click **Submit** and it will be added to your basket.

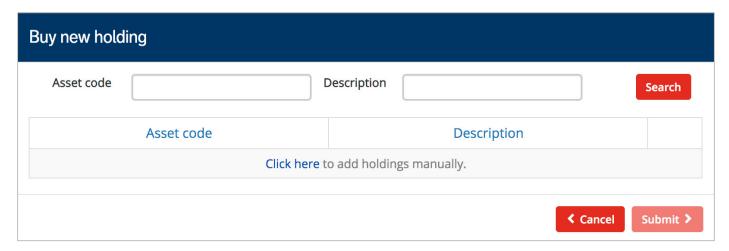

#### Buy a new asset

• To buy a new asset not already held within your bond, click Add new deal on the Instruction screen.

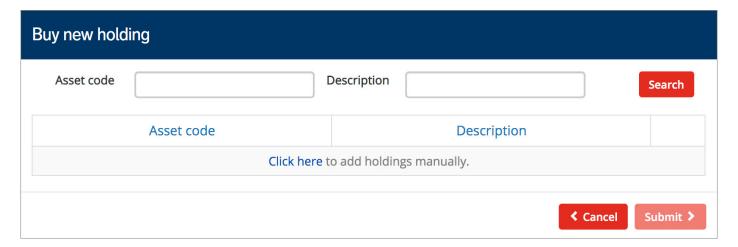

- Please enter the Asset code (Sedol), or search by the asset name in the Description field. Either
  option will display the assets available on our platform that are acceptable based on your policy
  contract conditions.
- · Check the Agree box and then Submit which will add the order to your basket.

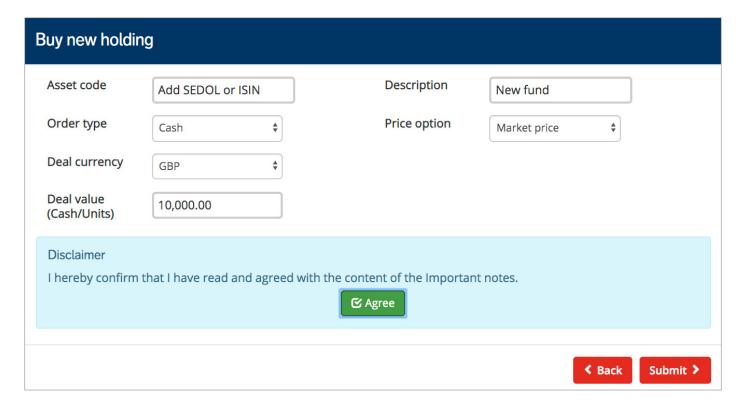

#### Buy a new asset (continued)

- If the requested asset can not be found through using the **Asset code** or **Description** search bars, use the **Click here to add holdings manually** option.
- The Click here to add holdings manually option is for requesting assets that are new to the FPIL Investments Platform.

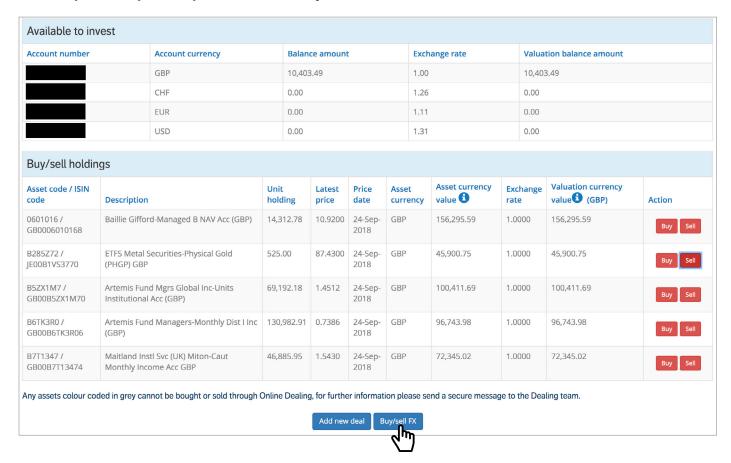

- · Complete each of the fields.
- · Check the Agree box and then Submit which will add the order to your basket.
- Any new assets will be reviewed by our Dealing Team. We will contact you if we need any further
  information or if the asset does not meet our criteria.

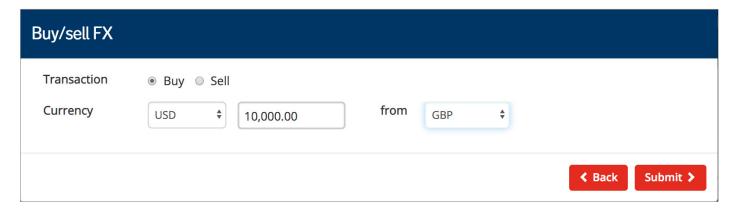

# Currency exchanges - instructing a buy/sell FX

• To buy currency within your GTA, click Buy/Sell FX on the Instruction screen.

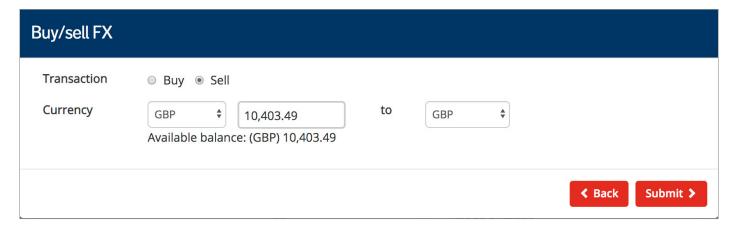

# Instructing a buy FX

- Select the transaction type to **Buy**; use the drop down menus to choose the relevant currency codes and add the cash amount.
- Click Submit and your FX orders will be added to your basket.

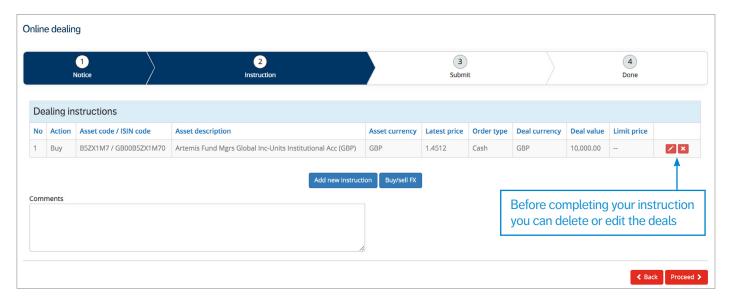

# Instructing a sell FX

- To sell currency from your GTA, click **Buy/Sell FX** on the **Instruction** screen. If you are exchanging one currency for another, the order menu will display your available GTA balance (which cannot be exceeded).
- Select Submit and your FX order will be added to your basket.

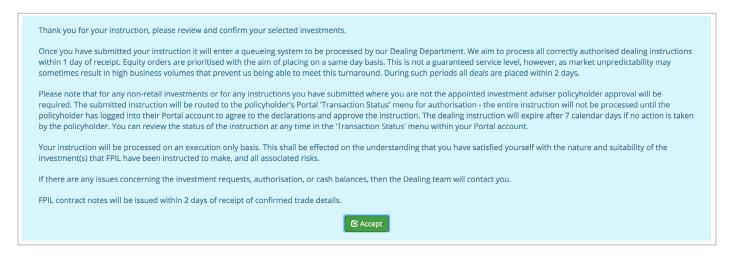

# **Instruction menu**

- If you have submitted a deal and wish to add further trades or currency conversion you will need to select **Add new instruction** or **Buy/sell FX**. Do not select **Back** unless you wish to clear the basket and return to the **Notice** screen.
- If you have any special terms in place with the Fund House or need to send information to the Dealing Team please use the comments field.
- You are able to edit or delete deals and FX transactions, and add comments for the FPI Dealing Team or fund managers.
- When you are satisfied with the deals and ready to checkout, click on **Proceed**.

# Completing your online deals

- Please note if you are an adviser and require authority to deal from the policyholder, or if you
  have submitted an instruction which includes non-retail investments, you will need to refer to
  the section 'Policyholder approval' for appropriate next steps.
- Please review the important wording and click Accept.
- Select Submit to complete your online dealing instruction.

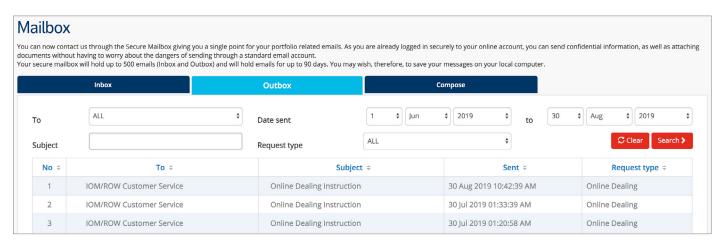

You have now completed your transaction and the following message will be displayed:

We will contact you within 2 working days if we need any additional information.

A record of this request can be found in the transaction status page or the outbox of your mailbox.

- Your dealing instruction will be saved to your Secure Mailbox Outbox folder.
- The FPI Dealing Team will process your instructions and contact you if there are any issues.

- You have now successfully submitted your online dealing instruction.
- Contract notes will be issued within 2 days of receipt of confirmed trade details and your valuation will
  reflect any changes to your portfolio.

#### Policyholder approval process

• If you are an adviser and require authority to deal from the policyholder, or if you have submitted an instruction which includes non-retail investments, you will be prompted with the below important notice.

Thank you for your instruction, please review and confirm your selected investments.

Once you have submitted your instruction it will enter a queueing system to be processed by our Dealing Department. We aim to process all correctly authorised dealing instructions within 1 day of receipt. Equity orders are prioritised with the aim of placing on a same day basis. This is not a guaranteed service level, however, as market unpredictability may sometimes result in high business volumes that prevent us being able to meet this turnaround. During such periods all deals are placed within 2 days.

Please note that for any non-retail investments or for any instructions you have submitted where you are not the appointed investment adviser policyholder approval will be required. The submitted instruction will be routed to the policyholder's Portal 'Transaction Status' menu for authorisation - the entire instruction will not be processed until the policyholder has logged into their Portal account to agree to the declarations and approve the instruction. The dealing instruction will expire after 7 calendar days if no action is taken by the policyholder. You can review the status of the instruction at any time in the 'Transaction Status' menu within your Portal account.

Your instruction will be processed on an execution only basis. This shall be effected on the understanding that you have satisfied yourself with the nature and suitability of the investment(s) that FPIL have been instructed to make, and all associated risks.

If there are any issues concerning the investment requests, authorisation, or cash balances, then the Dealing team will contact you.

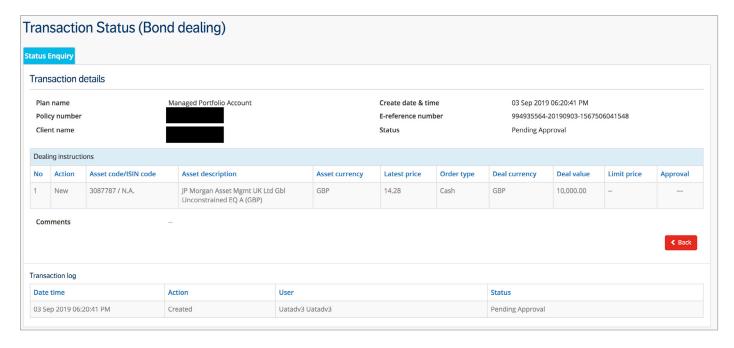

FPIL contract notes will be issued within 2 days of receipt of confirmed trade details.

- Ensure that you have read and understood the disclaimer; tick the Accept box and click Submit.
- The instruction will be sent to the policyholder's Portal account to the Transaction Status menu for review and approval.
- You can track the status of the dealing instruction which has been sent to the client's Portal account by reviewing the Transaction Screen found on your Portal dashboard.
- If your client has not registered their Portal account then the below message will be displayed:

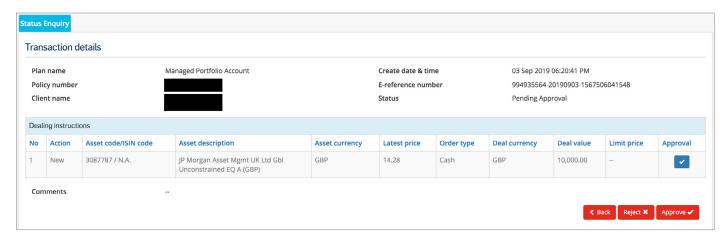

# Policyholder approval - starting the process

- The policyholder will receive an email notification with the subject line 'Friends Provident International Bond Dealing Instruction Approval Request' in which they are instructed to log in to Portal to review the instruction through the **Transaction Status** menu.
- Enter the **Transaction Status** menu and select **Bond Dealing Instruction**. Using the e-reference number provided in the email, identify and click into the instruction.
- If no action is taken after 7 days then the pending instruction will expire and the adviser will be notified by email.

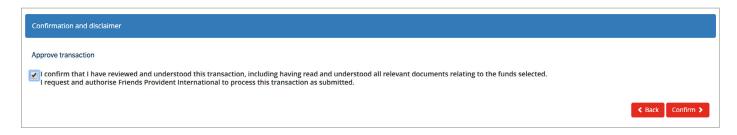

# Policyholder approval - completing the process

- Upon review, the policyholder is able to approve or reject the instruction.
- For non-retail assets, the policyholder must also read and Agree to the disclaimer pop-up for each pending deal.
- Complete the process by selecting Approve.

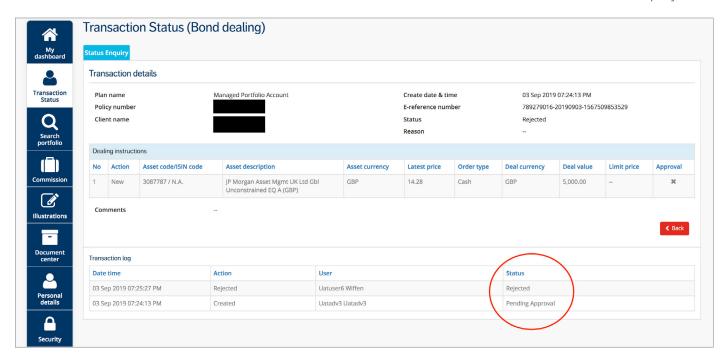

- Next Confirm that Friends Provident International can proceed with placing the deals.
- The policyholder and the adviser will receive a notification email confirming the submission of the instruction.

#### Policyholder approval - rejected or expired dealing instructions

- In the case of expired dealing instructions, the adviser will receive an email with the subject line 'Bond Dealing Instruction Expired'.
- For rejected instructions, the policyholder must provide a reason for the rejection before confirming.
- The adviser will be notified of the policyholder's decision via email and can review the rejected instruction through Portal.
- All instructions will be shown in the Transaction Status menu and a full audit trail will be displayed.
